Attention: Please note that using IBM SPSS27 with older versions of Mac OS X (OS X 10.15 and older) may cause compatibility problems. If the installation of SPSS27 is not possible, please write a mail to spss@sfu.ac.at.

To determine which Mac OS version you have, do the following:

Click on the apple icon in the upper left corner of the screen.

Then select the item *About this Mac*. (Fig. 1)

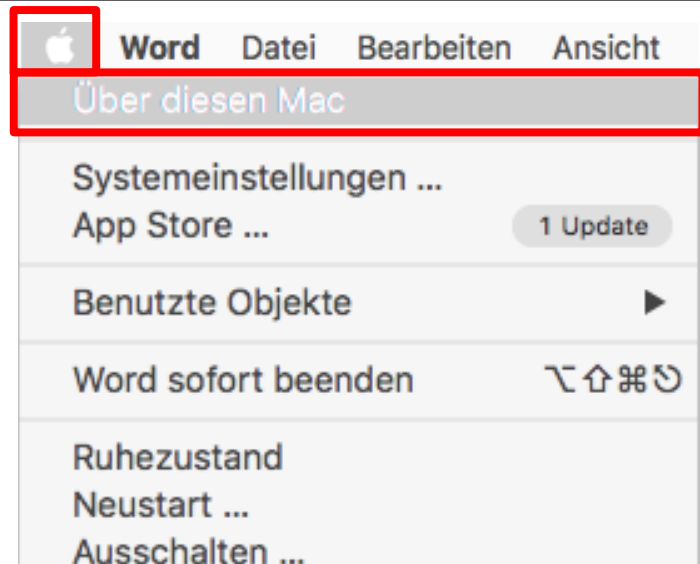

Figure 1

In the next window you can see which Mac OS version you have (here 10.12.1).
